Subject: New Scoping Issues?

---

Hi Jennifer,

How are you doing?

I am working on the Donlin Gold Project Scoping Comments. The last Scoping Comments I prepared was back in 2010 for the ASAP project. Do you have any current Scoping comments that would reflect changes/updates in NEPA guidance, etc.? Can you share your most recent Scoping comments with me? I do not have access to the Regional database.

Kit has provided me with some of Lynne's scoping comments related to mining. Thanks.
